PMY2 series automatic high precision AC voltage transformer regulator all-in-one machine

- Smart logic regulator
- Separate regulator design
- At a glance, the instrument design
- Overall split voltage
- Wide range of low pressure protection devices

The scope of products:

CNC Machining Center, Walking Wire Cutting, Mirror Spark Machine, SMT Equipment, CNC Chong Ship, PCB Drilling Machine, Automation Equipment, Computer Cutter, Imported Printing Machine, Medical Equipment, Injection Molding Machine, Laser Laser Machine, Automatic Insert Machine, Nuclear Magnetic Resonance and other medical instruments.

Advantage:

- German import carbon brush, 10 years long life
- High-quality titanium chassis ensures efficient operation of products
- High quality copper coil, high-end two invade paint process, good insulation performance.
- Scientific and efficient assembly process, wiring can be customized according to customer requirements
- High-quality main power switch and overload protection fully protect product life and performance
- High-quality AC contactors fully protect product life and performance
- High-quality micro switch fully guarantees product pressure regulation and product performance
- High-quality regulator plate: large size, three-layer compound half glass plate

- With a computer micro-control protection program, with the use of relays can protect the regulator and the appliance is not burned.
- Good heat dissipation design fully protects regulator life
- In the product specification, the appearance of all Y-series models consists of a voltage regulator and a transformer. Its external dimensions are approximately twice the original capacity, and your product can be used in various unstable environments. Provides a standard and safe power supply quality.

Technical parameters

Model		PMY2 -306	PMY2 -310	PMY2 -315	PMY2 -320	PMY2-330	PMY2 -345	PMY2 -350	PMY2 -360	PMY2 -375
Capacity		6KVA	10kVA	15kVA	20kVA	30kVA	45kVA	50KVA	60kVA	75kVA
Voltage		3-phase 4-wire 380V/220V series(same with input and output voltage)								
Input range		±15% 50/60Hz								
Voltage regulation rate		±1%~±2%								
Power factor		0.95~1								
Efficiency		≥98%								
Response time		<1S								
Waveform distortion		None								
Direction	Power supply	With								
	Voltage	With								
	Abnormality	With								
Overload capacity		150% 10s								
Environment		Temperature:-20°C~45°C, humidity 0-95%(without dew)								
Size(L x W x H)		400*330*730		630*340*730		640*350*900	720*390*940		850*450*750	
Weight(kg)		30	40	95	115	140	160	180	200	230
